

Karen

Therapeutic Behaviour Support Practitioner

BSc Social Work; BSCB-P*; NDISC Registered Behaviour Support Practitioner

Karen is an Intern Practitioner in CBChange's BASIC System™ Therapeutic Behaviour Support framework, with over 20 years experiences supporting families and children in a variety of professional social contexts, Karen has developed a passion for each individual to be supported to reach their fullest potential. Through a person centred, strengths-based perspective, Karen strives to empower individuals and families to breakdown communication barriers, strengthen relationships, and build self-fulfilled meaning for their lives. Karen is inspired by the small things, how a small change can have enormous impact and the ripple effect in a person's life.
